PROFESSIONAL SUMMARY

Frontend Developer with 1+ year building React-based web applications. Increased user engagement by 18% and reduced support time by 30% through UI optimization. Strong in JavaScript, React.js, performance optimization, and Agile development. Experienced with MERN stack, REST APIs, and modern web technologies.

TECHNICAL SKILLS

Frontend: React.js, JavaScript (ES6+), Redux, HTML5, CSS3, Tailwind CSS, Responsive Design

Backend & Database: Node.js, Express.js, RESTful APIs, MongoDB, Firebase, MySQL

Tools & Practices: Git, VS Code, Agile/Scrum, Performance Optimization, Data Structures & Algorithms

PROFESSIONAL EXPERIENCE

Junior Product Engineer

March 2024 – October 2024

Iperitus Private Limited

Mumbai, India

- Developed React.js frontend components for production fintech application with responsive design and cross-browser compatibility
- Implemented UI optimizations increasing mutual fund module user engagement by 18%
- Integrated AI-powered chatbot using API-driven workflows, reducing customer support response time by 30%
- Built mutual fund screener with multi-criteria filters and real-time data rendering; optimized performance by reducing re-renders
- Collaborated with backend developers on RESTful API integration and participated in Agile ceremonies

Teaching Assistant

June 2023 – November 2023

SmartByte Computer Education

Dombivli, India

- Mentored 30+ students in Python, C, C++, and JavaScript, achieving 92% completion rate
- Guided 34 interns through projects focusing on debugging, logic building, and code quality

PROJECTS

YouTube-Inspired Video Platform – Built responsive video platform with React, authentication, video upload, and commenting features (Live Demo)

ShoppYGlobe E-commerce – Full-stack platform with Redux state management, cart flow, and payment integration (Live Demo)

Personal Finance Tracker – React dashboard with spending visualization and email integration, improving expense tracking by 40% (Live Demo)

Stock Prediction Tool – Python application using Facebook Prophet for time-series forecasting with 75% accuracy

EDUCATION

SIES College, Mumbai University

June 2021 – May 2023

Master of Science in Computer Science – CGPA: 8.5/10

Mumbai, India

SIES College, Mumbai University

June 2018 – May 2021

Bachelor of Science in Computer Science – CGPA: 8.3/10

Mumbai, India

CERTIFICATIONS

Data Structures & Algorithms in JavaScript | React Web Applications | Node.js, Express.js & MongoDB | Git & GitHub | Database Operations in MariaDB – Internshala & Infosys
